Answer: No answer provided

Score: 0.0 / 10.0

Keywords Matched: None

AI Feedback: *No answer provided. Please attempt the question.*

Question 5: What is the difference between SQL and NoSQL databases?

Answer: No answer provided

Score: 0.0 / 10.0

Keywords Matched: None

AI Feedback: *No answer provided. Please attempt the question.*

AI HIRING RECOMMENDATION

Based on the interview results, I strongly recommend against hiring Amit Kumar for the Machine Learning Engineer position. His exceptionally low score of 12.0% indicates a severe lack of the technical competencies required for the role. Although there were minor proctoring flags regarding copy/paste attempts, the critical deficit in his knowledge makes him an unsuitable candidate.
